White Rose Dairy, Woodbridge, NJ

THE CENTRE INC.

25-35 Elizabeth Avenue, Newark, NJ

*T*he West Ward Cultural Center, Inc. was founded in 1979 by Willie Brown and his son, Co-founder and current President Chester Brown. It is an organization of Professional, Laymen, and Community Activists who are bound by a common thread woven from the need to educate our children, the acknowledgment that we must restructure our Family values, and the overwhelming desire to better the quality in its Community.

This organization, that has come to be known and affectionately referred to as the West Ward Cultural Center Family, is currently in the process of completing all the necessary ground work for the building of a new home to be located at 107-113 Roseville Avenue, Newark, NJ 07107. This edifice will give the center the much needed space to expand all of its existing programs and houses sorely needed new ones.

The West Ward Cultural Center Family looks forward to a bright future in the service of its Community.

*I*n 1995 the West Ward Cultural Center, Inc. established a sub-committee known as "Women of Vision." This answered an organizational need in the Family that heretofore was not being met, which was to unleash the mental, spiritual and economic brilliance of our women. This sub-committee accomplished the goal.

The "Women of Vision" will be representative of all women in our community. Their goals are the education of our children, the establishing and maintaining of strong Family values and to manifest a spirituality that will unify our extended Family.

The "Women of Vision" will be a support system for the Community and Mentors for our young women as they strive to traverse their rites of passage.

God Bless

We Care
